

CashFlowKing Installation Guide

MetaTrader 5 Expert Advisor Setup

1. Downloading Your EA

1. After purchase, download the `.ex5` file from:

- Selar.co purchase link
- OR email attachment

2. Save file to your `Downloads` folder

2. Installing in MT5

1. Open MetaTrader 5

2. Click: File → Open Data Folder

3. Navigate to: `MQL5/Experts/`

4. Paste your `.ex5` file here

3. Activating the EA

1. Restart MT5

2. Enable AutoTrading:

- Click the "AutoTrading" button (top toolbar)
- OR press Ctrl+T

4. Attaching to XAUUSD

1. Open XAUUSD chart:

- Right-click XAUUSD in Market Watch
- Select "Chart Window"

2. Drag EA from Navigator panel onto chart

3. Configure settings:

- Enter license key (if required)
- Set risk parameters

4. Click OK

 Look for the Scholar Hat () indicating active EA
